CLIMATE CHANGE AND HOW WE CAN CHANGE OUR FUTURE

Ask Me Anything session with Gwynne Dyer

For his latest book, ***Intervention Earth***, renowned historian, journalist, and author Gwynne Dyer interviewed the world's top 100 climate scientists to discuss the extraordinary measures we must contemplate to counter the irreversible effects of climate change. Join him for this *Ask Me Anything* session, where he will answer the questions you have always wanted to ask about the climate change crisis.

Gwynne Dyer is an author, historian, and independent journalist. He has published several books and his articles have been widely syndicated for many years.
